- Claims 28-29 and 64-66 remain pending in this application.

#### *Examiner's Amendment*

Authorization for this examiner's amendment was given in a telephone interview with Mr. Peter McKenna (Reg. No. 38,551) on December 27, 2006.

The application has been amended as follows:

In the claims:

Claim 29, line 8, delete "reference" and insert --the incident--.

#### *Reasons For Allowance*

2. The following is an examiner's statement of reasons for allowance: Of the prior art references considered, none has disclosed a method for fabricating a hologram recorded medium from a photopolymer, wherein the method comprises the *step* of stacking the photopolymer on a *dichroic filter* with the dichroic filter stacked on a *first reflection type* (or transmission type) hologram, the *step* of *striking reconstructing illumination light* of given wavelength on the first reflection type ( or transmission type) hologram so that first interference fringes produced by *interference* of light *diffracted* from the first

Art Unit: 2872

*reflection* type (or transmission type) hologram and *incident light* incident on the photopolymer are recorded in the photopolymer and *the step of replacing* the first reflection type (or transmission type) hologram with a *second reflection type* (or transmission type) hologram and striking reconstructing illumination light of a given wavelength on said second reflection type (or transmission type) hologram so that *second interference fringes* produced by interference of light *diffracted* from said second reflection type (or transmission type) hologram and the *incident light* are recorded in the photopolymer. The resulting hologram comprises a set of *pixels of interference gratings* differing in grating surface spacing and inclination of the interference fringes recorded therein. The first and second reflection type (or transmission type) hologram are *different* from each other.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
